

Experience. The Difference.™

October 22, 2018

It is our pleasure to provide a letter of recommendation for GCW – Custom Kitchens & Cabinetry – Commercial Division for their involvement in providing kitchen cabinetry and vanities for our recent West 5 townhome project, an 87 unit townhome project in Northwest London.

GCW – Custom Kitchens & Cabinetry – Commercial Division is a valued partner of ours and is a preferred vendor for the supply and installation of custom kitchen cabinetry. They are a professional, well managed and organized partner and we are confident in their ability to perform on any commercial or high density residential project based on our recent experience with them.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil Carter", written in a cursive style.

Neil Carter – Director, Commercial Construction
